

**·HELPFUL NOTE·**

*ZINE OF ACCOMPLISHMENT IN HONOR OF COMPLETION (Z.A.H.C.)*

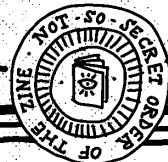

**MISSION PART 1:**

This part of your mission is to look at other zines and leave notes to say what you like. Go check out the zine library and find some zines you really like. Use the bookmarks in this kit to write a note and tell us why you like them. When you're done, go back to the zine library and leave your notes inside the zines you liked. We will read your notes. Other zine-making-members will read your notes. We are all excited about your notes.

**MISSION PART 2:**

Make your own ZAHC (Zine of Accomplishment in Honor of Completion). What we mean is—now that you've had lots of experience making zines (and frankly you are getting quite good at this), we here at The Order believe you are ready to do even more. Make a zine inspired by anything you see in the zine library. Draw, write, paint, cut, glue, use any colors or tools to make your own zine inspired by what you saw in those zines.
